

**NOT**

# WANTED

## HYDRILLA

### DESCRIPTION:

- Tall green aquatic plant
- Often seen on the surface of the water
- Sometimes with a small white flower

### LAST SEEN:

- Connecticut River
- Hudson River
- Hudson Valley Reservoirs

### WANTED FOR:

- Covering water with floating debris
- Blocking sunlight from native plants
- Harming fish populations

### FAVORITE HANGOUTS:

- Boat engines and trailers
- Fishing live wells
- Truck bumpers
- Fish aquariums

## REMOVE IF FOUND

Properly dispose of all plants away from the lake in a trash receptacle.

Always CLEAN, DRAIN, and DRY your boat, trailer, and equipment before entering Candlewood Lake.
