Marianne Gaffey

1. Our new Silver Ships boat arrived on 5/26, the commissioning will be June 16 at the Sherman Base.

2. The Lake Clean-Up was held on May 22 with COVID restrictions in place and was very successful – many thanks to Mark Rasmussen for coordinating the volunteer captains and their crews. Also, a big thanks to New Fairfield Public Works for filling the dumpster.

3. A fundraising letter was mailed at the end of May, donations are coming in and will be reviewed with the BOD next month.
4. The Lake Stewards program had its pilot run on Sunday, June 6 at the Brookfield and New Milford ramps with great feedback from the public.
5. The current Executive Orders concerning in person meetings expires on July 20 so after that date we must meet in person (members can still join electronically as we have done in the past). Monthly Report

Lake Steward Program

We kicked off our Lake Steward ramp inspection program this past Sunday the 6th at the New Milford and Brookfield town launches. We had a successful first day of training and checking incoming boats and trailers and look forward to the full roll out of the program.

We have been working with the CT DEEP on a Special Use License and we are setting up training with the CT DEEP to go through the training that their BEAs get. We hope to have the license and training in place very shortly. This will allow us to operate at all 5 town launches and the State launches.

J. Marsicano and F. Cioffi Memorial Candlewood Lake Clean Up:

We had another very successful clean up this year, even though it was different due to COVID precautions. We had over 100 participants and nearly 20 boats out there cleaning up the lake, in self contained crews. They returned to the New Fairfield town boat launch to drop off the garbage they collected, and although we couldn't do the traditional lunch gathering afterwards, they still managed to fill a 30-yard dumpster full of trash, and we provided all participants with a t-shirt and 2021 Candlewood Lake magnet. Many thanks to Mark Rasmussen and others for helping to organize this, to New Fairfield

Parks and Rec and to New Fairfield Public Works for coming with the bucket loader to make unloading the boats and filling the dumpster fast and easy!

Silver Ships Patrol Boat

We took delivery of the new Silver Ships Marine Patrol boat the week prior to Memorial Day weekend. The boat has gotten excellent reviews from all who have seen, ridden in or driven the boat. We are very excited to see the positive impact this boat will have for the Marine Patrol.

Unfortunately, the rain canceled the Sherman Memorial Day parade, so we did not get to have the boat in the parade this year.

Island Restoration

We had a meeting about the Sand Island restoration project Ed Siergeij is leading. Ed, Neil, Jeff and I met with Brian and Lauren on the island to discuss how to best proceed with this project. We are excited to get this project in process to restore the eroding shoreline and lost vegetation on the island. Following the Sand Island meeting, Jeff and I joined Neil for the second water quality testing day in May.
